A Message from ACFP President to Alberta Family Doctors

Family Doctor Week

In recognition of Family Doctor Week, I would like to extend a warm thank you for your time, dedication and commitment to family medicine. The ACFP is proud to celebrate Family Doctor Week in Canada, October 31 to November 5.

A family doctor-patient relationship is often times one of the most trusted in health care. It is a relationship that both the doctor and patient have been nurturing since a patient's first visit.

Take part in Family Doctor Week and celebrate the important role that family doctors have in patients' lives by putting up our Family Doctor Week poster. Visit www.acfp.ca to download the poster and display it in your office, or post the poster and Family Doctor Week logo on your website.
