

FAMILY DOCTOR WEEK

in Canada

NOVEMBER 10-15, 2014

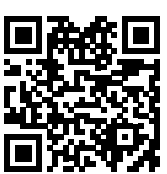

The Milk River Clinic thinks their family doctor rocks because she is a small town doctor with a big heart, who is caring and compassionate to the people of their community. Patients feel she is friendly, knowledgeable, and accessible. She is truly committed and dedicated, and has come out of retirement to keep their hospital and clinic open. She is working tirelessly in the search for new doctors.

CELEBRATE FAMILY DOCTOR WEEK AND

TELL A DOCTOR
WHY THEY **ROCK**
