Join us at the ACFP's inaugural Family Medicine Summit  
March 1-3, 2019 to **connect, learn, and celebrate!**

## Same Great Conference Experience and Even Better Name

### Why the Change?

The Alberta College of Family Physicians has been connecting, learning, and celebrating for 64 years. The provincial chapter was founded upon sharing knowledge and best practice among our members.

We pride ourselves in delivering practice-changing continuing professional development that is thought-provoking and relevant. We wanted a name that describes the experience we always strived to provide—an instantaneous connection that holds meaning, pride, and community.

As our signature event, the Family Medicine Summit provides a window to the ACFP.
